

## *Evangelization:*

- † *Evangelization is the fruit of Christian maturity. Evangelization is the act of witnessing to the good news and inviting those who are open to follow Jesus.*
- † *Evangelization is the invitation of a Christian to another person to accept the good news of Jesus.*
- † *The evangelist wants to introduce another to the church and invite them to journey with a particular faith-community. This faith-community supports and affirms their decision to follow Jesus.*
- † *As people grow in the grace of Christ, they mature and begin to pass on the good news.*
- † *To grow as an evangelizing parish, we need a worship experience that fills us with the Holy Spirit, a spirit that sends us forth.*
- † *As we come to the Lord to receive his work of life, and to receive the bread of life, our deep prayer is for the grace of growth - a growing maturity to accept, belong and count with greater faith and love.*
- † *We leave our faith community with a deeper commitment and understanding of our mission in the world.*
- † *We live our week as God's witnesses everywhere we go, to whomever we meet.*
